**Drexi**

---

*Brotherhood* partners with **Drexi** to assist its members with all their local pharmacy purchases and mail orders, plus International and Manufacturer purchasing.

## Dear Member,

Prescription benefits shouldn't be confusing, exhausting, or unaffordable. Drex was built to do things differently. They believe in cutting through the chaos, putting people first, and giving you a better way to manage your medications. Drex's Advocacy Program connects you with a real person who simplifies the process, uncovers savings, and helps you get what you need without the usual runaround. Because when it comes to your health, average is not good enough.

## Who We Are:

At Drex, we break the mold of traditional pharmacy benefits management. We are not just a pharmacy benefits manager but your healthcare ally, committed to ensuring you receive the best care without breaking the bank. With our non-traditional approach, you're in for a refreshing change in how you experience your pharmacy benefits.

## Our Commitment to Transparency:

No more hidden fees or mark-ups! We believe in fair pricing for all. With Drex, you'll know exactly what you're paying, giving you peace of mind and control over your healthcare costs.

## The Drex Difference:

We don't just manage prescriptions; we manage your well-being. Here's how we do it differently:

### Personalized Support

Our Advocates listen, ask the right questions, and work with you to find the best option based on your needs. Whether it's understanding your medication options or finding a lower-cost alternative, you are not doing this alone.

### Freedom of Choice:

Say goodbye to mandatory mail orders. You have access to a network of over 65,000 pharmacies, Nationwide – choose the one that BEST fits your needs! You also have the flexibility to receive up to 90 days of medication through your local retail pharmacy if you prefer.

### Personalized Mail Order:

Should you prefer mail order service, Drex has teamed up with HyVee to provide access to your medications. Contact their team at 1-866-794-9833 | Email – mailorder@hy-vee.com

### International Rx Program

For high-cost medications connect with your dedicated Drex advocacy team member at 877-688-5461 or email us at drexadvocacy@amps.com for personalized options and guidance (see next two pages).

### Supporting You Through Manufacturer Assistance Program

You may qualify for a Manufacturer Assistance Program that offers free or reduced-cost medications based on your income. Every program is a little different. We will walk with you through the process and keep it simple, every step of the way.

To help you apply, your Advocate may ask for:

- Household income
- Number of people in your home
- Your name, address, and date of birth

### Digital Empowerment:

Take charge of your pharmacy sharing benefits:

### Drex Web Portal:

- Visit [www.Drex.com](http://www.Drex.com) and access:
  - Prescription pricing comparisons between pharmacies
  - Prescription history

For **Rx questions**, members can contact Member Services @ 844-728-3479 or email [Drex\\_CustomerService@amps.com](mailto:Drex_CustomerService@amps.com)

- Drex Support hours

**Monday – Friday 5:00am MST – 6:00 pm MST**

**Saturday 8:00am MST – 12:00pm MST**

At Drex, we work hard to ensure you have access to the medications you need at affordable prices you can afford. Welcome to a brighter and healthier future!

## Supporting You Through International Rx Program Purchasing.

At Drex*i*, we do things differently because you deserve better than the healthcare status quo. In a world full of bots and 1-800 numbers, we show up as humans. Always in your corner and always looking out for your well-being.

That's why we offer the International Rx Program, a smarter, member-first way to get the medications you need without draining your wallet. No confusing processes. No hidden costs. Just transparent savings and support you can actually trust.

### A Smarter Way to Access the Medications You Need

Some prescriptions cost thousands of dollars in the U.S., but the exact same medications are often available internationally for a fraction of the cost. Through our trusted global partners, we provide access to FDA-approved, quality-assured prescriptions at significantly lower prices, without sacrificing safety or care.

Each of our partners is carefully vetted for safety, compliance, and reliability. We handle all the logistics behind the scenes so your medication arrives safely and without stress. You focus on feeling better, and we'll take care of the rest.

When you're ready to start, give us a call at **877.688.5461** or email [drexriadvocacy@amps.com](mailto:drexriadvocacy@amps.com).

### Big Savings on Meds That Matter

**Real Numbers. Real Relief.**

## International Rx Program Frequently Asked Questions

### Q: How do I know if the medication that I am taking is available at lower cost internationally?

**A.** Review the list on the previous page to identify available drugs.

### Q: How does Drex*i* keep my medication costs down?

**A.** At Drex*i*, we emphasize honesty and transparency in the healthcare sector. Through our strategic partnerships, we provide brand-name medications from trusted international pharmacies at significantly reduced prices compared to US-based pharmacies. Our partners excel in medication procurement and logistics in the international market.

### Q: Will my medication be identical to what I currently take?

**A.** Yes, you can expect the medication to be the same. It will be sourced from the same manufacturer internationally or from a licensed provider of the international version of your current medication.

### Q: How do I get started?

**A.** To begin the process, please reach out to a Drex*i* Advocate right away. You can call us at 877-688-5461 or email us at [drexriadvocacy@amps.com](mailto:drexriadvocacy@amps.com).

## How Purchasing Drugs through Drex*i* Works

### 1. Present Your Member ID Card

On the bottom right corner of your Member ID card, you'll find the Drex*i* number to present at your local pharmacy. To ensure eligibility for reimbursement, members must present this card at the time of purchase.

### 2. Pay for the Medications

Members must pay for the medications at the time of purchase. *Brotherhood* will receive a report from Drex*i* regarding your purchase, but members will need to send in their pharmacy receipt to *Brotherhood* for reimbursement.

### 3. Reimbursement for Eligible Purchases

If the expense is eligible for sharing, and the member's Annual Unshared Amount (AUA) is met, *Brotherhood* will reimburse the member for pharmacy purchases.
